

TOWN OF SUFFOLK.

Thousands of Feet of Lumber
Destroyed by Forest Fires.

An Investigation Shows Hundreds of Valuable Pines and Other Trees Reduced to Ashes. Lake Drummond Almost Dry—Popular Young Lady Dead.

(Special to Virginian-Pilot.)
Suffolk, Va., Sept. 20.—Fifteen thousand acres of timber land were burned by the fire which has been raging in the Dismal Swamp. That fact was brought out by an investigation which was conducted this afternoon by Mr. William H. Gray, who inspected the burned district at the instance of Mr. William N. Camp, of Albion, Fla., the principal owner. The fire is not yet out, but is now confined to small areas, and the onward course is seemingly checked.

No intelligent estimate of the damage can be made. Valuable pine and juniper trees, whose virginian majesty had never been broken by the axe, are now reduced to charred stumps, and in some places scorched eighty feet from the ground.

The soil, whose combustible nature resembles peat, has been burned in spots to a depth of several feet, leaving yawning excavations fringed in black.

Bears, deer, wild cats and other animals, forced from their haunts, have either sought safety by fleeing to the highlands or been driven further into the fastness of the jungle.

A WOLF THEORY.

A theory has been offered that the wolves which have been preying on the stock of North Carolina farmers were run out of the Swamp by the fire. Several of the animals which are of a species similar to the coyote, and which are not indigenous to the localities where caught, have been taken alive. Two were sent to Delaware Park, another young one was taken to Franklin with a view to its domestication.

VERY LOW WATER.

Lake Drummond, normally a beautiful sheet of water some eight miles across, has shrunk to much smaller proportions. Jericho canal, one of the feeders, has gone dry, and the lake can not be reached from this side except on foot. A guide says hundreds of animals flock about the lake at night in search of water.

YOUNG LADY'S DEATH.

Miss Minnie Brothers died at 9:15 o'clock to-night. She had been ill with typhoid fever several weeks and gradually grew weaker, though at times her condition seemed slightly improved.

THE DECEASED WAS A MOST LOVABLE young woman and was popular among a large circle of friends. She leaves a father, Mr. Preston Brothers; a mother and two sisters, Ethel and Kate, the latter of whom is now ill.

THROUGH THEIR WORK.

The colored Odd Fellows to-day got through their labors. The principal happening was the election of grand officers. All but one of the old ones, whose names have been printed in the Virginian-Pilot, were re-elected. A. T. Shirley, of Fairfax county, was chosen deputy grand master in place of J. W. Barnes, of Portsmouth.

A resolution of thanks to the citizens of Suffolk was adopted.

TO BE MUSTERED IN.

Suffolk's new military company is expected to be mustered in next Tuesday night. That will complete the regiment. Prospective members are asked to see Dr. J. B. Phillips in the meantime for physical examination.

Captain A. M. Higgins and Lieutenant C. L. Wright, of Norfolk, were in Suffolk to-night. The former will probably be a participant in the muster.

GALVESTON TEA.

The Misses Delt will to-morrow night give a "Galveston Tea." The proceeds are for the benefit of storm sufferers in the Texas town. There should be a large attendance.

DEMOCRATIC CLUB RALLY.

Hon. Harry L. Maynard, nominee for Congress, will Friday night address the Bryan-Stevenson-Maynard Club. Hon. A. M. Brownlee, of Franklin, and perhaps other speakers will be present. The time is 8 o'clock.

A BOY'S DEATH.

The funeral of 16-year-old Henry Shepherd, who died last evening, will take place at 2 o'clock to-morrow. The young man's death has been indirectly due to a fall of 60 feet from a peach tree in Norfolk last year.

MR. PINNER SERENADED.

The Phoenix Quartet, instead of their usual concert, played a serenade to Hon. John B. Pinner, who was instrumental in having the band stand built.

SHORT NOTES.
